

Success Strategy #9. Congratulations. You made it with me! Success Strategy #9. Alright, so we are definitely counting down to our 19 success strategies to help you convert your purpose and your passion into profit. Alright, so we got 19 Success Strategies from The Jackie Jackson, The Jackie Jackson Show, and Jackie Buys Homes. I am a business coach, mentor, and entrepreneur right. So, I am really excited to create this video series for you because it really does mean a lot to me. Alright, I think that these 19 strategies if implemented and become consistent in your life, life is going to yield you everything that you want.

Alright, so #9- #9 actually is leave time wasters alone. Whew, I am stepping on someone's toe right now! Right now, somebody's big toe is hurtin'. Ok, leave time wasters alone. Now time wasters. Who is a time waster? A time waster could be your best friend. A time waster could be your cousin. It could be your coworker; it could be your business partner. It could be anybody and most times, it's usually somebody who is really, really close to you that is really not aligned with your purpose.

Right, so I want you to leave time wasters alone, and when I say "leave them alone", I mean that you don't have to walk away from your friendship or anything like that, but you do definitely got to put people in categories that is not going in the same direction that you are going.

Alright, so anyone who is not going in the same direction you're going, they are not aligned with your purpose, ok? They can't go where you go! Mmmhmm, you going to have to leave them behind. You going to have to put them in a category and say "You know what, I will catch up to ya'll later. Alright, I got things to do, people to see, places to go, and I will get back to you when I am done finishing converting my purpose and my passion into profit. You got to live like that! You got to think that way! Ok, you don't got time to be messing around and procrastinating with anybody who is not doing anything and anybody who basically is considered a distraction is either there uplifting you to be better or to put you to be a better person that who you are, or, they are a distraction to you. It's one or the other. You can't have it both ways.

You have got to leave the time-wasters alone and love them from a distance. God bless them, thank you so much and pray for them. "I hope they make it, I'll see you on the other side, I love you so much, I'll see you when I see you. Bye." That is success strategy #9. Mmmhmm. Leave the time wasters alone.
